

Children and Young People's Mental Health

Mental health problems affect around 1 in 10 children and young people. These issues include depression, anxiety and conduct disorder and can often be a direct response to occurrences in their lives. Emotional wellbeing is just as important as a child's mental health, therefore it is important for those working with children and young people to have a good understanding of the concepts, risk factors and impact of mental health.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Gain an understanding of risk factors which may affect the mental wellbeing of children and young people
